

INAG Face-to-face Meeting

during URSI General Assembly, Rome, Mon Aug 30, 13:00 Room 17

08/08/2021

Should you be attending XXXIV URSI General Assembly in Rome, please consider joining our traditional INAG business meeting to discuss current state of the ionosonde research and applications -- to take place between the G04 (ionosonde) session segments on Monday during the lunch break:

- Monday August 30, 2021
- 13:00 to 13:45
- Room: Building RM031, ROOM 17 on the 1st Floor

As always, the meeting will present our state-of-the-art accomplishments and discuss the challenges at hand. We will surely include the latest news about

GIRO status after the security breach and prospects for resolving the SAO Explorer data access problem.

Because no food is allowed in Room 17, our meeting will have to be short to allow everyone some lunchtime after the general lecture and before our Session G04. Please limit your topic contributions to 2 slides and 5 minutes. THANK YOU -- and please send me your presentation title to include in the agenda.

HOPE TO SEE YOU AT THE MEETING ON MONDAY, 13:00 ROOM 17

Ivan Galkin

UMass Lowell: GIRO
INAG Chair

John Bosco Habarulema

SANSA, South Africa
INAG Co-Chair

Baiqi Ning

IGG CAS, Beijing, China
INAG Co-Chair

and **Kehe Wang**, SWS BOM Australia, INAG Bulletin Editor

Exit Note: INAG would like to hear from you on your status and plans. To contribute an article to the INAG Bulletin please write to bulletin@ursi-inag.org. Your article will be published to the URSI G.1 site and announced in this newsletter. To send a short note to INAG newsletter, simply reply to chair@ursi-inag.org.
